## **KAISERSLAUTERN**

### **Trains run on normal Schedule again**

Effective with the timetable change on Sunday all trains in western Palatinate will run according to regular schedule again. This is what was issued by the responsible transportation authority.

Due to corona pandemic less trains than normal have run during the past weeks; this has now ended. However, departure times of the trains may be altered by several minutes, and travelers should inform themselves via internet in advance. Effective July 1 the season for special trip trains, e.g. the 'Bundenthaler' in southwestern Palatinate, will also start.

As of June 13, 9.41 a.m.
