

Hygiene concept for lakes, ponds (as of 18 June 2020)

The following hygiene measures must be observed for all lakes, ponds (not for swimming lakes with operator):

The applicable distance requirement and the applicable contact restriction shall be guaranteed by the following measures:

1. The distance of at least 1.5 meters per person must be maintained, unless otherwise provided for in the corona ordinance in force.
2. A minimum distance of 3 meters per person must be maintained in the water, unless otherwise provided for in the corona ordinance in force.
