**LIEUTENANT COLONEL MARK D. NEXON AND
CHIEF MASTER SERGEANT THOMAS RIGGSBEE**

On behalf of the 496th Air Base Squadron, located in Morón de la Frontera, Spain, we would like to extend you a warm welcome to the Matador Team.

Your assignment to Spain offers unique opportunities to experience Spanish culture. As a small, remote unit the Matadors take pride in our sense of community. This product is intended to ease your in-processing and clarify any questions you may have regarding an overseas move to a geographically separated unit. I urge you to reach out to your sponsor early and often as you prepare for your PCS.

The 496 ABS offers a variety of services to families stationed at Morón. Our squadron is home to a Booster Club, Rising Six, Top 3 and the [Spouses Club](#). Additionally, our [Key Spouse](#) program can help address any questions or assistance you may need. We invite you to become an active member of our community and participate in events that these organizations and the squadron Force Support Flight host throughout the year.

Chief and I are aware that overseas assignments present challenges. We encourage you to experience as much as you can during your tour in Spain.

The 496 ABS leadership team is pleased to welcome you to the Matadors. Do not hesitate to reach out if you have questions, or concerns. Our doors are always open to our Airmen and community. We hope you make the most out of your assignment in Andalucia, Spain, and Europe.

Welcome to the 496th Air Base Squadron

Welcome to the 496th Air Base Squadron located in Morón de la Frontera, Spain, home of your new unit, the “Matadors”, large olive plantations and some of the best tapas in the region. Please seize this once-in-a-lifetime opportunity to embrace Spanish culture, travel Europe, and create lasting memories.

Overview

Morón de la Frontera is a town in the beautiful province of Sevilla. The city of Sevilla is the capital of the region of Andalusia. This region exudes a rich multicultural history, first-class dining options, and ease of access to the rest of Spain and much of Europe.

Weather

In Morón, we enjoy a subtropical Mediterranean climate. Rain occurs irregularly for most of the year, with the typical driest part being during the summer and the rainiest during the end of autumn. This means we enjoy wonderful sunny days and stunning sunsets most of the year. During the winter, when most of Spain and Europe have colder temperatures, we enjoy pleasant temperatures.

Oh, the places you’ll go...

While stationed in Morón, you will have plenty of options to explore the Iberian Peninsula and Europe. Our Force Support flight organizes monthly trips to sightsee in nearby cities. Of course, you can organize your own trips and explore at your own pace. The closest airport is [Sevilla Airport](#) (SVQ). This is the main airport serving the Western Andalusia region, with low-cost carriers Vueling and Ryanair providing service alongside Iberia, Lufthansa, and TAP airlines. [Málaga Airport](#) (AGP) and [Jerez Airport](#) (XRY) are also nearby.

Rail systems provide another option to visit cities and travel. Locally in Spain, we use [Renfe](#). Use Renfe’s website to book high-speed train tickets (AVE), mid-distance train tickets (media distancia), Avant train tickets, and regular train tickets between cities. You can also buy your tickets at the train station. The closest station is located in the city of Utrera.

The town of Morón de la Frontera offers a bus service to Seville. Click [here](#) for more information about the different buses and schedules available.

Another resource you may want to check out is the app [Cabify](#) to find taxis in the city. If you prefer to use your mobile apps to get around, you will be pleased to know that in larger cities like Sevilla you can use [Uber](#) without issue.

Language

The official language is Spanish. The locals are very nice and even willing to struggle through the language barrier to help. Nevertheless, you can always use Google Translate to help you communicate, as most people speak little to no English in the villages surrounding Morón.

Culture

The Spanish culture is a vibrant and festive one. Spanish locals take celebrating Holidays, Holy Week, Christmas and other town-related activities very seriously. Try to stay up-to-date with the local holidays to avoid cancelling your plans due to local festivities.

It is worth mentioning that in the Andalucía region, taking a siesta (nap) is a big part of regional culture. Therefore, the majority of the businesses, shops and restaurants close from 1400-1700. Shopping malls and some restaurants in Sevilla remain open, but local shops in Utrera and Morón de la Frontera will close during this time.

The majority of the shops, stores and shopping centers are closed on Sunday as it is considered a family day. However, restaurants will remain open.

Typical meal hours are different from what U.S. residents are used to. Breakfast typically starts anywhere from 0800 to 1100, lunch takes place from 1400-1600 and dinnertime is from 2000-2200 (and later).

Enjoy your stay in Spain!

- You can choose between Day Care, Private Spanish School, Publicly Funded Private School, Public School and International School.
- Pre-enrollment for school sessions that begin in September, happens in **March** every year. In this process, parents complete paperwork with the local municipality and make a list of desirable schools.
- Similar to the US, Spanish schools provide transportation to/from school for students.
- As you know, middle school and high schools grades play an important role for your child's future education. Spain operates under a different educational system, therefore in order to validate your child's education and present proper documentation on a U.S. school, you must have the official Spanish school documentation translated by a certified translator and have the [U.S. Consular Agency in Seville](#) seal it.

Our [School Liaison Officer](#) is on base to help you navigate this, or any process related to the education of your children. She can also assist with procuring childcare within the local community. Please contact [Mrs. Macarena Cano](#) as soon as you have Military Orders for Morón Air Base. You cannot pick up your vehicle without receiving this letter from the Pass & ID office. **Do not go to the Rota VPC without confirming your paperwork with Pass & ID.**

Driver's License

You may drive with your stateside license for up to 90 days. We strongly recommend you start the process of a Spanish driver's license as soon as possible. To initiate this process, the Pass & ID office will direct you to the Base Library where you will take the license test. This is an open book exam where the minimum passing score is 84%. Take this opportunity to learn about the different road signs, traffic laws and general traffic practices in Spain. After the test, the office of Pass & ID will provide you with a temporary driver's license while you wait to receive the permanent one.
