Recommended Insurances to Protect You from Financial Disaster

Accidents happen and, in Germany, they can be expensive. Three essential but affordable insurances can save you and your loved ones from costly harm.

Private Liability Insurance (Private Haftpflicht)

One simple mistake can cost you thousands. If you accidentally injure someone or damage their property, private liability insurance covers the costs. From leaky washing machines to cracked bathroom tiles and scratched flooring, you may find yourself owing your Landlord a decent amount to cover renovation costs. Even if you knock over an expensive item in a store, damage a friend's belongings, or cause an accident as a pedestrian or cyclist, this insurance pays for claims and legal fees, preventing financial ruin.

Renters Insurance (Hausratversicherung)

Imagine losing everything to a fire, burglary, or water damage. Renters insurance protects your belongings, including furniture, electronics, and clothing. It also covers costs if your home is uninhabitable due to damage. This small investment ensures you won't have to replace everything out of pocket. If you currently have a renters insurance policy through your stateside agency, be sure to make them aware that you are currently international, to ensure that the coverage is applicable in Germany.

Pet Liability Insurance (Haustier Haftpflichtversicherung)

If your dog bites someone or damages property, you are legally responsible. Pet liability insurance covers medical expenses, legal fees, and repair costs, protecting you from expensive claims. Some breeds are even required by law to have this coverage, making it essential for pet owners.

Get Covered Today

These insurances are affordable, but invaluable in protecting you from financial hardship. Contact your preferred insurance provider today or search online to compare policies and get the best coverage for your needs.

HOUSING FACT SHEET FOR DOD CIVILIAN EMPLOYEES

- To better serve Department of Defense (DoD) civilians working in the Kaiserslautern Military Community (KMC), newly arriving civilians seeking off-base housing need to visit the Housing Management Office, Bldg. 2020 on Kapaun for an INITIAL Briefing, prior to seeking economy housing.
- Housing Referral inspects potential rental properties to ensure DoD safety and adequacy standards are met, as well as assisting with landlord communication.
- Rental contracts will not be approved if a facility does not meet the safety and adequacy standards. In addition to maintaining temporary and long-term rental listings, contract content and utility information is explained and appointments are provided when requested.
- Furnishings Management (FMS) is an extension of the Housing Flight and therefore, falls under AFI 32-6000, Family Housing Management, for support. Loaner furniture is authorized to eligible civilian employees in OCONUS who are recruited from CONUS and on a transportation agreement, or recruited locally under an employment agreement, entitled to travel or return to CONUS at government expense and authorized LQA.
- IAW USAFE Policy, service members assigned to the KMC who are required to use housing services, must use and have an approved FORM 291A Rental Agreement through Housing Management prior to start any entitlements. ***Personnel should not enter into an agreement or sign the FORM 291A prior to Housing Management review.***
- For further information, please contact the KMC Housing Office at 489-6671 or email KMCHousing@us.af.mil.

ECONOMY HOUSING FACT SHEET

RENTAL LISTINGS:

There are many resources that can be utilized to obtain rental information; however, to ensure that rental properties have been inspected and approved by Housing Referral, rental listings can be obtained on www.homes.mil, that is the only DOD sponsored website.

REAL ESTATE AGENTS:

The use of a real estate agent, or German "Immobilien," is usually not necessary due to the availability of off base housing and should only be used as a last resort. Local real estate agents charge a finder's fee usually equal to one month's rent or more. Reimbursement of a realtor or Immobilien fee is NOT authorized by the Housing Office, and therefore, would be out-of-pocket expenses for the service member.

RENTAL CONTRACTS:

A rental contract is a legal binding document between you and the Landlord. The Housing Office is not a party to the agreement, but merely certifies it's correct and that personnel assigned to the KMC have accepted an economy unit for occupancy. IAW USAFE Policy, service members assigned to the KMC, must use and have an approved FORM 291A Rental Agreement thru Housing Management prior to start any entitlements. In the event of disputes between Landlord and Tenant, except for the terms and conditions specifically addressed in the contract, the provision of local rental laws will apply. The Legal Office is also a source of information for German Rental Laws and Landlord/Tenant issues.

SECURITY DEPOSITS:

A security deposit protects the Landlord from financial loss if Tenant causes damage to the property or does not clean property when rental agreement/lease is terminated. The security deposit **cannot** be used as the last month's rent. It is usually equal to one month's rent, but can be up to three month's rent.

ADVANCE OHA (MILITARY ONLY):

Ask a Housing Counselor about advance OHA for security deposit or advance rent. The Counselor can provide a blank copy of the AF 1039, and the member must have the form signed by their commander before taking it to finance. Army members must go to their S-1 to request advance OHA on the 4187. Deferred security deposits must be paid back to finance when terminating the lease.

COMMENTS:

If you locate a housing unit that is not listed with Housing Referral, an inspection must be performed to ensure minimum adequacy standards are met. Have the Landlord call Housing Referral at 0631-536-6643/6659 to schedule an off-base inspection and be sure to let them know if you are in TLA status. Contracts will not be approved and housing allowances (OHA/LQA) will not be initiated prior to the inspection.

VAT (VALUE ADDED TAX):

A 19% VAT is levied on all utility bills. EXCEPTION: water is 7%. A program exists to help service members save the VAT on utility bills. Contact your local VAT Office to check your eligibility and complete necessary paperwork to sign up for the Utilities Tax Avoidance Program (UTAP) so you can get the tax relief. Also, due to the number of families who depart without paying their utility bills, some utility companies will charge a deposit.

DISCRIMINATION:

The Air Force is committed to equal opportunity and treatment for all DoD personnel seeking housing and to eliminate discrimination against DoD personnel in housing. It is the responsibility of the Housing Office representatives to counsel members on DoD equal opportunity policy in community housing and member's obligation to immediately report suspected discrimination. Any act, policy or procedure that arbitrarily denies equal treatment in housing because of race, color, religion, sex, national origin, age, handicap, or familial status to an individual or group of individuals must be reported to the Housing Office immediately. The Housing Flight Chief will immediately initiate a review in cooperation with installation and community agencies.

**Utilities need to be assessed as follows/
Die Nebenkosten sind wie folgt einzutragen:**

Meter/Zähler:

when the utility is paid directly to the utility company/**wenn der Mieter direkt mit den Versorgungswerken abrechnet**

Estimated cost/Vorausleistung:

when the tenant pays a certain amount to the landlord and receives an end of year bill from the landlord/**wenn eine monatliche Vorausleistung an den Vermieter gezahlt wird und der Vermieter mit dem Mieter abrechnet**

Winter Issues in Germany

Winter is upon us! To prepare for the upcoming winter weather, keep the following in mind to ensure that you are protecting yourself by complying with our host nation's laws.

Snow & Ice Removal

Under German law homeowners are often responsible for keeping walkways, sidewalks and driveways free of snow and ice accumulation. Failures to do so may result in pecuniary liability should someone slip and fall on your property and become injured.

"But I'm not the homeowner!" You may still be liable. Many rental contracts shift the responsibility of snow and ice control from the homeowner to the tenant making the tenant personally liable should a mishap occur from the tenant's failure to remove accumulated snow or ice. If you're not sure whether you're responsible, check your rental contract!

What do I need to do?

Here are some tips to help you to know what to do to ensure that you are fulfilling your responsibilities:

- Remove any snow/ice accumulation on your property that could cause an ordinary person taking standard precautions to slip and fall.
- Removal of snow accumulation is an on-going duty. This may require the tenant or homeowner to shovel their property throughout the day. The "I was at work all day" excuse will not work.
- You are responsible for the driveway and walkways on your property. This includes the pedestrian walkway and half of the street in front of your home.
- Make sure to purchase a good snow shovel and sufficient salt early on. In heavy snow years, shovels and salt can become increasingly scarce.

How can I protect against liability?

While taking the precautions listed above will likely prevent most accidents, the best way to protect against monetary loss is with liability insurance.

Liability insurance protects you against claims from individuals who sustain injuries on your property. In the event someone slips and falls on your property, liability insurance would pay the claim on your behalf rather than you personally paying out of pocket.

You can likely obtain liability insurance from your current auto, renter's, or homeowner's insurance carrier. It is typically relatively inexpensive, but may prove very useful in case of an accident.

Automobile Issues

Along with your property, you must also make sure your vehicle is prepared for winter conditions. German Federal law requires the use of suitable tires when road conditions are icy. There are two different types of tires that will generally satisfy this requirement. These tires will have one of two markings indicating that they are rated as appropriate for driving in snowy and icy conditions. These tires marked with "M+S" (indicating Mud and Snow tires) or with a snowflake (indicating snow tires). If you are found driving in winter conditions without the appropriate tires, you could be fined €60 and given a point against your license. In case of creating an obstruction, an endangerment or even an accident, this fine could increase in € 20 steps up to € 120.

As a final winter driving tip, be aware that it is against the law in Germany to let your vehicle run idle unnecessarily, for example to allow your vehicle's engine and interior warm up. Along with the environmental consequences, you could be fined €10.

Don't become a Victim!

What's yours is yours and what you can do to help keep it that way!

One of the most frequent calls that Security Forces receives concerns vehicle break-ins. The common thread in all vehicle break-in's isn't whether the vehicle is secured or unsecured but what valuables are laying out in plain site! The 5 top high value items stolen from vehicles are:

1. Navigation Systems
2. iPods
3. Gas Cards
4. Cell Phones
5. Wallets and Purses

Tips to help keep what's yours, both in your vehicle and in your home!

1. Lock your vehicle at all times! It only takes a second for someone to snatch your GPS if you have your car unlocked.
2. Remove all high-value items from plain site! For example the GPS in the above example can be snatched in seconds in an unsecured vehicle but it doesn't take much longer to bust the window and grab it if it's in plain sight!
3. Remove the GPS mount from the window when not being used. Also wipe off the suction cup marks from the window that are caused by the GPS mount. This is just a signal to the crooks that you may have one in your glove box.
4. Park in well-lit and well traveled areas, or better yet in a locked garage.
5. Always lock the doors to your home or dorm room, not only when you are out but even when you are at home. By locking the doors even when you are home you can deter unauthorized entry and prevent assaults. Use exterior lights to illuminate dark areas. Trim back bushes and hedges beneath windows. When you will be gone for a period of time, ask a trusted neighbor or friend pick up your newspapers and mail so it doesn't accumulate at your front door.
