

DTC

The DTC is in the enterprise of building human performance capital. ***We focus on total wellness, so that every Airmen is physically energized, mentally engaged, socially connected, and spiritually grounded.*** These concepts are delivered through intentional reintegration skill review and practice, as well as decompression opportunities. A study of 3K deployers showed that those who attended the DTC had significantly reduced negative outcomes regarding health and relationships (see graph inside).

Why Ramstein?

- Central location; Major en-route for flights returning from AOR.
- Ramstein AB has world-class facilities and services
- Europe provides advantageous community settings similar to "home"

FAQs

- UOD: civilian attire
- Alcohol consumption is allowed, but limited
- Non attribution: nothing said goes into your medical record. The DTC is not a clinical/medical program.
- Weapons are shipped prior to AOR departure or courtesy stored in Ramstein armory
- Redeployers stay in TLF; typically suites are shared, but each member has their own private bedroom
