DATA BY MINISTRY OF HEALTH

17 New Corona Cases in Rhineland-Palatinate

On Thursday the Ministry of Health of the State of Rhineland-Palatinate confirmed 17 new infections with corona virus. This shows that the virus is spreading on a comparable low level within the state.

In comparison: since the outbreak of the epidemic the maximum number of new infections per day was 256. At present a total of 162 people have contracted corona virus within the state. The number of reported deaths in conjunction with corona virus increased by one case and now amounts to 234. 6,479 people have recovered in the meantime. Since the outbreak of the pandemic 6,875 people have contracted Sars-CoV-2 within the state.

According to the Ministry of Health most of the new infections occurred in the following counties: Mainz-Koblenz (+5), Trier-Saarburg (+3), Frankenthal (Palatinate) (+3), Zweibruecken (+2) and Westerwald County (+1). 19 of 36 counties and cities did not report new infections during the past seven days.
