

## **Hygiene Concept pertaining to Outdoor Events with simultaneous Presence of up to 500 Participants.**

This applies to outdoor group gatherings of up to 500 participants at the same time.

1. The provisions for physical distancing and contract restrictions will be assured by the following measures:
  - a. The minimum physical distance of 1.5 meter must be assured for every person as far as the applicable Corona Abatement Ordinance does not provide for another rule.
  - b. Measures to manage access and to comply with physical distancing must be abided by; this includes walk way concepts indicated by adequate signs. One-way personnel traffic should be established to the extent possible. Waiting areas (e.g. in front of sales outlets and toilets) also have to show markers for physical distancing.
  
2. Organization of the Event Management.
  - a. The contact record of the persons present must be ensured. The organizer/owner is to collect contact data (name, first name, address, telephone number) ensuring that the person can be reached, as well as log the date, time of entry and check-out of the person in compliance with the German data protection regulations. These data are to be kept for a period of one month and will be destroyed in accordance with DSGVO [German General Data Protection Regulation]. These data must not be used for other purposes.
  - b. Advance reservation or registration is required. It is recommended to set up a ticket-booking system that flexibly allows for self-regulating physical distancing.

- c. Use of sanitary installation is admissible under observance of applicable protective measures.
- d. Food and drink may be served in accordance with the regulations for the catering trade.
- e. Information and sales stands must be at least 3 m apart.

### 3. Individual Measures

- a. Persons with recognizable symptoms of a respiratory infection will not be granted access.
- b. All persons must disinfect or wash their hands upon entry of the event. Suitable washing facilities or disinfectant dispensers must be provided by the organizer.
- c. The existing protective measures and rules of conduct (including general regulations of protection from infection such as "sneezing etiquette", evaluation of cold symptoms, etc.) must be indicated by appropriate signs.
- d. As far as required by the latest version of the Corona Abatement Ordinance, visitors and employees are to wear a mouth-nose-covering.
- e. Cashiers can be protected by a separating glass. Personnel who are protected by a separating glass or other appropriate protective measures shall be exempt from wearing the obligatory mouth-nose-covering.

- f. The hygiene concept for outdoor sports must be applied for exercising outdoors.
- g. For activities associated with musical performances, the music hygiene concept must be applied.
- h. Renting objects is not permitted if these cannot be disinfected after use.

4. Facility-related Measures:

- a. Hand disinfectants, liquid soap and disposable towels must be available in sanitary, common and recreational rooms.
- b. Specific measures must be taken to minimize the impact of aerosols in rooms. All rooms must be adequately ventilated.

5. Generally Applicable:

- a. An authorized/responsible person must be appointed on site to ensure compliance with the regulations.
- b. Persons who are not willing to comply with these rules are to be denied access or stay in accordance with the home order.
- c. For rehearsals and performances, the current version of the guidance of the institution for statutory accident insurance and prevention in the administrative sector (VBG) – Hamburg “SARS-Cov-2-Occupational Safety Standards – recommendation for stages and studio rehearsal operations” can be applied.
